MEMORANDUM FOR: Deputy Director for Operations

FROM : Deputy Director of Central Intelligence

25X1 1. I talked to Ambassador Blake about withdrawing [redacted] from the Senior Executive Seminar. Needless to say he was not pleased. I agree with him that it is practically impossible for him to run a course if agencies get in the habit of doing this. I do concur that the [redacted] matter was a special case, but in the future I want to be consulted before anyone even contemplates withdrawing someone from that kind of training course. I do not wish to have any more withdrawals this year.

25X1

25X1 2. Would you please prepare a memorandum from me to Blake for the record on the [redacted] withdrawal [redacted]
